

SUBSCRIPTIONS and OFFERS

To make reordering the working materials you need as easy as possible and offer them to you at the lowest cost possible, we offer certain consumables, working materials, and also the **GRAVURENFINDER** as convenient subscriptions. You place the order once, and we deliver as long as you still need them, guaranteed on time and reliable.

Our equipment is just as good as your treatment of it. Only regular replacement of filter cartridges and filter pads can guarantee full performance of the **AIR**.

And so you never slip when grinding lenses and because nobody ever remembers to reorder the grip spray until it's too late, you can also subscribe to **GECKOlensgrip**.

GECKOlensgrip

SUBSCRIPTION

You can also order **GECKOlensgrip** in a convenient 24-month subscription.

The advantage to you:

Every four months (a total of 6 times) you'll get two 100 ml cans of protective grip spray for optical glasses. You save nearly 27

% over the list price, without having to remember to reorder.

Item number	ABO.005
-------------	---------

You save nearly 27%!

Note:

A new subscription placed on or after January 1, 2011 has a period of 2 years, and will be automatically extended by another 12 months if not canceled 12 months in advance.

How to use:

Just one squirt helps prevent axis offset during grinding. The film applied also works to protect the sensitive glass surface. **GECKOlensgrip** is quick and easy to use. It was specifically developed for use with hydrophobic and Cleancoat coatings. The spray is very cost-effective to use and can be removed again with conventional cleaning agents.
